

Welcome to your first dog walking group, socialisation/training classes. I hope you and your dog(s) will learn not only training techniques but how to read your own and other dog's body language enabling you to understand a dog's behaviour in a fun and enjoyable way. To help these sessions go well it would be appreciated if you would abide by the following rules while attending all training sessions.

(Please note – all dogs and owners attend at their own risk)
